### The innovative Dell UltraSharp 27 Monitor offers you:

#### A spectacular visual and audio experience

Break down the barrier between what you saw on the shoot, and what you can see on your monitor with the unparalleled best-in-class screen clarity of the Dell UltraSharp 27 Monitor.

- See your work like never before in the finest of details with over 14 million pixels — that's 7 times greater than Full HD, 4 times greater than QHD and a full 77% more pixels than Ultra HD 4K resolution.
- Experience best-in-class resolution (5120 x 2880) with extremely high pixel density
- Enjoy absolute screen clarity and colour contrast made possible by the innovative, durable, anti-reflective, anti-smudge screen with sleek, edge-to-edge glass.
- Lose yourself in the premium quality sound of Harman Kardon<sup>®</sup> engineered acoustics of the 32 W integrated speakers.
- Count on colours that remain consistent from virtually any angle with the ultra-wide 178° x 178° viewing angle.

#### Extraordinary colour performance

Dell PremierColor offers stunningly vivid colours that meet professional standards with a broad colour gamut and great colour depth.

- Work with nearly perfect colour accuracy<sup>1</sup> thanks to consistent and accurate colours right out of the box — each monitor is factory tuned at 99% AdobeRGB and 100% sRGB with a deltaE < 2.
- Colour calibration supports colour industry standards — making certain the needs of professionals working on colour-critical projects are met.
- Easy, user-enabled colour adjustments plus extra precise calibration for custom palettes available via Dell UltraSharp Color Calibration Solution software.

#### Superb usability

Work the way you like with a multitude of flexible viewing and connectivity options.

- Enjoy the convenience of extensive connectivity with a wide range of peripherals and devices through multiple input ports.
  - A high current USB 3.0 charging port supplies twice the power for charging and powering BC1.2 compatible USB devices.
- Help boost productivity and enjoy comfortable viewing with multiple adjustability features like pivot, tilt, swivel, and height adjustability.
- Save space on your desktop with the optional wall mount and view the monitor in either landscape or portrait orientation.

#### Dell's industry-leading UP2715K monitor is perfect for professional photographers who:

- Are able to capture the beauty of nature in amazing resolution...
- Have the software to view the images they have captured...
- Now have the means to view, on a 27" screen, the dazzling images they have captured...
- Completing their full set of professional tools.
